DETAILED ACTION

1. According to paper filed on July 3, 2007, the applicants have amended claim 10.
2. Claims 1-10, 13 and 14 are pending in the application.

Response to Arguments

3. Applicant's arguments filed on July 3, 2007 have been fully considered but they are not persuasive regarding obviousness rejection. The examiner does not agree with the applicant's arguments that there is nothing in the cited reference that would have led to a chemist to modify the disclosed compound in the particular manner required to arrive at applicant's claimed compound. It is true that compounds 6a, 6f and 6k have – NHC(O)R₁₀ group at 4th position of the phenyl ring instead of 2nd position as required in the instant compounds. However, applicant's attention is drawn to scheme 1 which is directed to preparing these compounds. According to scheme 1 on page 890, the compounds 6a, 6 f and 6k are prepared by reacting compounds of formula 5 with compounds of formula 7a disclosed on page 891. According to formula 7a, variable R (NHCOCH₃) can be present at any position of the phenyl ring. Therefore, it would have been obvious to one skilled in the art to prepare the instant structural homolog compounds without losing their property of beta-adrenergic activity with reasonable expectation of success.

Conclusion

4. Rejection of claims 1-10, 13 and 14 under 35 U.S.C. 103(a) is maintained for the reasons of record.

5. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
